

We are Healthwatch

Healthwatch is here to make care better.

We speak up for people who use health and social care services.

Social care is when it is hard to look after yourself.

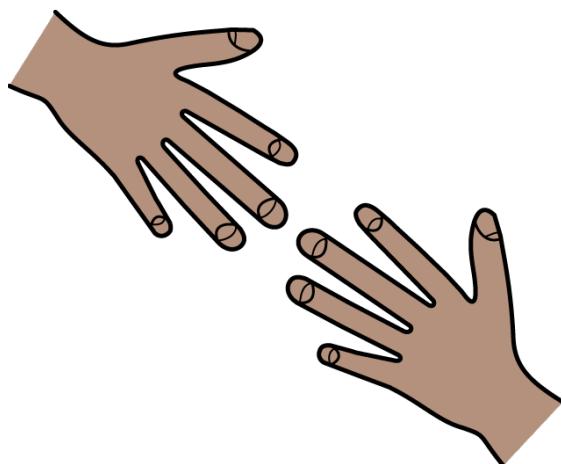

We do not work for doctors or hospitals. We work for you.

We can help

Sometimes it is hard to know where to get **help**.

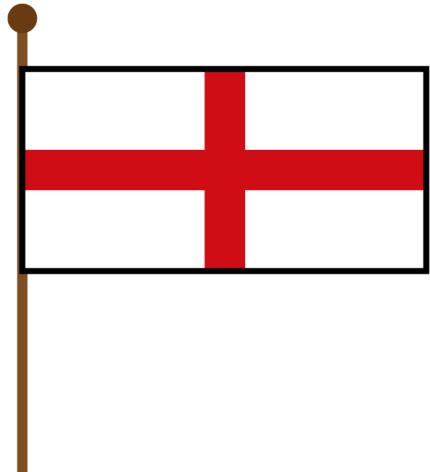

We will help you find the support that is right for you.

You do not have to pay us to help you.

We listen

There is a Healthwatch in every area of England.

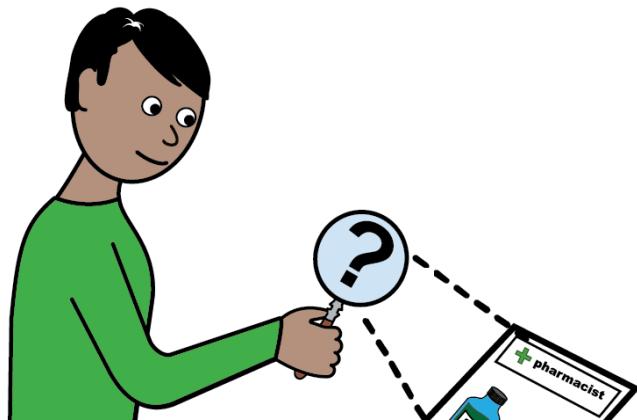

We **listen** to what you tell us about your health and social care.

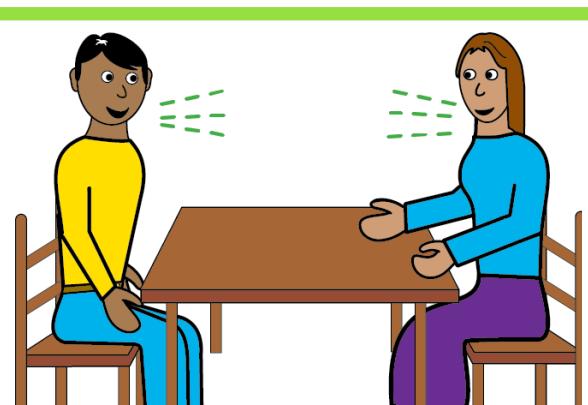

We **tell** people like doctors, dentists and care workers how they can do better for you.

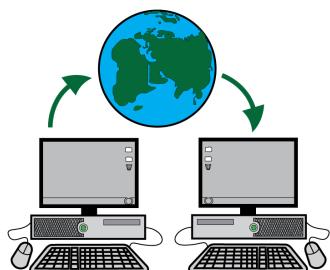

Talk to us

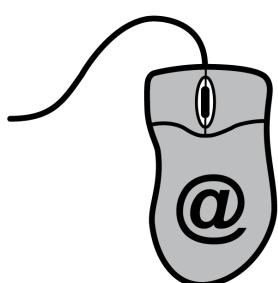

If you need help finding services, you can talk to us.

You can tell us your story to help make things better for others.
